

This NOFA (FR-5800-N-29) will competitively award approximately \$1 billion (\$999,108,000) in supplemental disaster recovery Community Development Block Grant (CDBG-DR) funds for resilient recovery activities across the United States. HUD is setting aside \$181,000,000 for applications serving Hurricane Sandy Qualified Disasters in the states of New York and New Jersey and in New York City due to the catastrophic level of damage caused in those areas from Hurricane Sandy and tropical storms in 2011.

In 2011-2013, the President declared major disaster areas in over 2,100 counties and 48 states. In response to Hurricane Sandy, the Disaster Relief Appropriations Act, 2013 (P.L. 113-2) included \$15 billion for disaster recovery from major disasters declared in 2011, 2012, and 2013. At this time, HUD has allocated approximately \$14 billion in disaster recovery funds, by formula and to Rebuild by Design projects.

This competition is structured iteratively to guide each applicant through broad consideration in Phase 1 and reconsideration at a more granular level of detail in Phase 2.

Phase 1 is the framing phase, in which the applicant will comprehensively frame the recovery needs, relevant risks and vulnerabilities, and related community development opportunities in its target geographical area. Applicants must demonstrate a logical link or tieback to addressing Unmet Recovery Needs from disasters in 2011, 2012, or 2013.

In Phase 2, the implementation phase, the highest scoring applicants from Phase 1 will be invited to more fully articulate a resilience-enhancing disaster recovery or revitalization project or program and will compete for implementation funding. Awards for Phase 1 and 2 will be made at the conclusion of Phase 2.
